Major General John Shaw, Retired
4300 Parkway Drive Bossier City,
La. 71019

Dear Major General Shaw,

On behalf of the VIST Program's visually impaired veterans here at Overton Brooks, I would like to thank you and your accompanying speakers for your most kind visit with us last Tuesday.

The program all of you presented was informative, thoughtfully organized and exceptionally interesting. By matter and manner your comments and observations were most helpful and nicely presented. You and each of the other speakers detailed a variety of topics that proved most engaging for all of us there.

I wish you and the US Volunteers much continued success in all your endeavors. We remain appreciative for your time and efforts in coming to our meeting. It made for a very nice day, and we are most grateful.

Sincerely,

A handwritten signature in blue ink that reads "Annetta".

Annetta Laye,
VIST Coordinator
